Precinct Updates in East Baton Rouge Parish

Beginning with the upcoming elections this fall, several new precinct updates will be in place in East Baton Rouge Parish. These changes have been necessitated by legislative mandate due to population shifts, the loss of a few polling places and a few returns to existing locations. The information contained here details the changes as it might affect the voter. Some of the changes may entail:

- A move of the voter’s location with the same assigned precinct.
- A change of the voter’s assigned precinct within the same voting location.
- A return to a previous location after a temporary relocation in past elections.

Updated voter cards will be sent out by the Registrar of Voters; please contact this office if you have any questions or concerns about your registration. You may also check your current registration status at www.geauxvote.com. If you have any other election-related questions or would like information about becoming an election commissioner, please contact the Clerk of Court’s Elections Department or visit www.ebrclerkofcourt.org for a printable version of the attached information.
